

Can't Get to the CU? Shared Branching is the Answer!

What happens when you're out of town and need to access your account? There's always Online and Mobile Banking, but if you prefer to conduct your business in a branch, we have a wonderful solution! Did you know that we are a part of the Shared Branching Network– which allows our members to go to any of over 5,000 participating Credit Union branches nationwide? You can withdraw money, make payments, deposit checks and more– easily and quickly.

To find a location– you can use our GECU mobile app and click on the Shared Branching link, go to www.co-opsharedbranch.org or call 1-888-SITECO-OP. To access your account, you will need to give the participating branch our Credit Union name, your account number, john workheiser a valid government issued ID and the last four digits of your social security number.

Locally, if you can't make it over to the office, most Ascentra Credit Union branches are participating. It's just one more way we are working to make sure our members have easy and convenient access to their accounts. You can learn more about shared branching on our website at www.gaselectriccu.com.
